CHAUTAUQUA PUBLICITY MAN GETS ON JOB HERE

Preliminary Announcements Are Made Concerning Event

DATES TO BE IN JULY

Big Tent to be Located at Available Point---Best Talent Promised

As the first step in promoting the campaign for the big chautauqua to be held here this summer, Roy G. Harper, publicity manager for the Redpath-Brockway Chautauquas, was in Charleroi today in conference with various people interested in the enterprise. Projects in regard to a big publicity display were discussed and there is every evidence that every person for miles around will know that a Chautauqua is to be held here.

This year, according to a statement by Mr. Harper, is to witness the greatest advance in Chautauqua methods. The Redpath-Brockway tents have been enlarged and a number of new features have been added.

Strong Program.

The program is the strongest ever put on in any circuit in the country. On it will appear men famous throughout the country and the world for their ability as thinkers and leaders in public affairs. Singers, musicians, and entertainers of the widest reputation and of great ability have been especially engaged for the Chautauqua work. The Sunday program is a feature and will be particularly strong.

The Redpath-Brockway system is to have about 60 Chautauquas in Pennsylvania and West Virginia, over 50 per cent increase from last year. This is the reason they are able to put on a program of such magnitude. Because the towns are only a short average distance apart the railroad expense is not so great and having the talent in such easy reaching distance makes it possible to reduce the season price to a fraction of what the same event would be charged for at the regular city prices.

Morning Hour Lecture.

In addition to the many attractions there will be a morning hour lecturer who will conduct morning meetings, giving talks on timely topics. These men will be lecturers who have had a reputation for splendid work in all parts of the country. A Boy Scout master will organize the boys of the community and will conduct regulation work among them, holding sessions each day, giving instructions in first aid to the injured, scout drills, lectures on the aims of the organization, and tell the boys about the bad habits they must quit to be a good scout.

A thoroughly experienced superintendent and platform manager will be early on the grounds and will meet the people and help to make them enjoy a thorough good time. He will conduct the business arrangements while the chautauqua is in session and will promote good feeling generally.

Thorough Organization.

The Chautauquas are sent out under the same minute organization as any large, thoroughly equipped business enterprise. Each department will be thoroughly organized and the discipline among the crews will be rigid. Crews of men to handle the big tents and the various details of erecting the canvas auditorium and getting it ready for the big event will be composed of young college men, who are gentlemen in every respect. The football team of Washington and Jefferson College has been engaged for this work. Even the tent stakes will be driven by college men.

As to the exact date, inasmuch as there are still a number of towns anxious for a Chautauqua it is impossible to announce that as yet, but the matter will be decided very soon and complete details of all matters pertaining to the Chautauqua will be given at that time. It is likely, however, that the date will be some time the latter part of July.

Chautauqua Inestimable in Value

That the Chautauqua is of estimable value in every community is shown by a recent statement by Former Senator Frank J. Cannon, who is conducting a platform campaign against the vicious practices of Mormonism in which he says that it is only though the Chautauqua and the lyceum, that he has found it possible to obtain government recognition of the problem.

"In my interview with people in various parts of the country who have had the pleasure of participating in these Chautauquas," said Mr. Harper, "I find that they regard it in the light of a great educational institution, as if a university had been brought to their door for a week. There is no doubt but it is a great treat for the majority of people and serves not only as a relaxation and recreation, but as a great means for elevating their minds and thoughts to a much higher plane, acquainting with the great movements going on for social betterment. It is a great source of inspiration and gets the people out of that rut which unbroken routine of daily life must inevitably lead to. The Redpath-Brockway management are to be congratulated in having made it possible for so many communities to have this great educational and entertaining program."

It is probable that an advance agent will be in Charleroi shortly to confer with the local committee interested in the movement to arrange for the preliminary work.

WILL PRESENT PLAY AT THE HIGH SCHOOL

The St. Jerome Literary Society is preparing to present a home talent play, which will be at the High School Auditorium Monday and Tuesday evenings, April 20 and 21. The play selected is a four act comedy entitled "A Night Off," in which are a multitude of amusing and interesting situations. In addition the company will present three all-star vaudeville acts. The best local and musical talent has been enlisted for the occasion and the public is sure to be treated to a bright and meritorious production.

MAY DIE FROM THE EFFECTS OF FALL

North Charleroi Man Tumbles Over Embankment Near Bridge With Badly Fractured Skull as the Result

When he lost his balance and fell over the embankment a short distance south of the Charleroi end of the Monessen-Charleroi bridge at 12:2[illegible] o'clock today, a man said to be James Acton, of North Charleroi, sustained a fractured skull and will likely die. He was removed to the Charleroi-Monessen hospital after being attended by Dr. Thomas Herror of Monessen who happend by.

Acton stood aside from the Pittsburg-Charleroi car tracks after the car had stopped nearly within reach of him. He stood by a tree along the embankment and it is thought by those who witnessed the accident grasped a limb. Then he lurched forward and tumbled over the hill. He struck the paved street on the back of his head.

Acton had a dinner pail so evidently was returning from work. He has lived in the vicinity of North Charleroi for a year or more. He is married.

POOR BOARD MATTER ARGUED IN COURT

In order to decide whether the county controller has the power to scrutinize, audit and pass upon the bills of the poor board or whether his jurisdiction is merely ministerial, the case of the poor directors against the county treasurer was argued in court at Washington Thursday. Both Judges McIlvaine and Irwin were on the bench.

The action was taken to compel the payment of bills which County Controller Underwood had held up in the monthly accounts of R. W. Wolfe, H. D. Browneller and R. C. Buchanan, the county poor directors. The latter then presented the bills to County Treasurer S. M. Downer, who also refused payment without the sanction of the controller, and the case was taken to court to determine the exact status. The poor directors deny the right of the controller to pass upon and audit their accounts, and claim their organization is separate from the other county business. The opinion of the court has not yet been given.

CHEMICAL WORKS RUN STEADILY AT NEWELL

Ever since the mills of the General Chemical company began operations at Newell, they have run steadily and give employment to a large number of people. The chief product is sulphuric acids. This is used extensively in the galvanizing departments of the steel plants of the valley, which afford a ready market.

BASEBALL TEAM REORGANIZES FOR THE SEASON OF 1914

The baseball team formerly known as the Hill Top Juniors has reorganized and will henceforth be known as the Woodward Athletic Club. Recently the team solicited donations from the business men to defray expense of the team and for the purchase of suits. They arranged to name the team in honor of the person making the largest contribution, and Burgess S. L. Woodward was this one. The team is now "rigged out" in good shape and has several good games scheduled.

FILLING UP LOCK LEAKS WITH CEMENT

Holes are being drilled in the lock wall at Lock No. 6, where work of reconstruction is under way, where later will be poured concrete to stop leaks arising from breaks in the dam permitting water to fill the coffer dam. It is expected that within two weeks pumping will start.

The chief trouble at Lock No. 6 has arisen from leaks in the dam. When pumping was first started, the greatest trouble was experienced. One of the first nights continuous pumping with two ten inch pumps only served to show an increase of 18 inches of water inside the lock at the conclusion of the work.

DIE LORELEI CLUB MEETS AT HOME OF MRS KIBLER

Die Lorelei club met at the home of Mrs. I. N. Kibler of Lockview Thursday evening with 11 members present. The evening was spent by the ladies in doing fancy work. Mrs. Wigwam's was given the favor for the best worked pin cushion. An enjoyable evening was spent at the close of which lunch was served. The ladies adjourned to meet at the home of Mrs. W. C. Ritchey in May.

Team Thanks Contributors.

We, the Woodward Athletic Club wish to thank each and every person who contributed toward the maintenance of our team and promise to honor our town in the way of baseball playing.

RELEASE BIRDS FOR PROPAGATION

Brownsville sportsmen have liberated 24 pairs of Hungarian partridges on a section of land east of town for the purpose of propagation only and they will be protected and fed by the sportsmen and farmers.

The recent cold weather and heavy snows that prevailed through this section of the country have exterminated nearly all the "bob whites" that were unable to reach the shelter of farm buildings.

It is said the Hungairan partrioges are very prolific. They are much stronger, hardier and larger than the quail.

While it is a known fact that the quail will succumb in a heavy snow fall, lacking sufficient size and strength to come to the surface, the Hungarian partridge can easily work itself through from two or three feet of snow and will feed from the buds of trees and bushes.

CALIFORNIA WOMAN DIES AT TABERNACLE

Mrs. Melvina Rabe, Aged 64, Expires at Religious Meeting

HEART TROUBLE CAUSE

Enjoying Services When Head Drops to Breast---Family of Six Survive

Suffering an attack of heart trouble while sitting in her seat at the California union evangelistic tabernacle, Mrs. Melvina Rabe, aged 64 years, a well known resident of California, suddenly died Friday evening. Her death was scarcely noticed being indicated only by a faint gasp and a dropping of her head to her breast. Her neighbor in the seat, Mrs. McCleary of California, informed those nearby and the singing which had been in progress was stopped while the dead woman was carried out.

While on her way to the tabernacle, Mrs. Rabe complained of not feeling well. She had been subject to attacks of heart trouble. Friends advised her to return home, but after a brief rest she announced that she felt better and would go on.

Seated about midway back in the tabernacle she listened to the singing conducted by John Bursk, the choirister of the party of evangelists. She seemed to take particular interest in the first part of the service. Her head was noticed to droop once, and a neighbor in the seat asked if she felt well. She replied that she did. Then again her head dropped and she was dead.

Rev. W. W. Hall is the evangelist of the party and ha and Chorister Bursk hastened to offer their services when they learned of the trouble. Other friends tendered aid. The body of Mrs. Rabe was carried to her home on Third street.

Mrs. Rabe was the widow of the late J. W. Rabe, who died seven years ago. She had been a resident of California for 35 years. Six sons and daughters survive. They are: Mrs. Carl Behanna of Connellsville; Wiley Rabe, of Winnepeg, Manitoba; Paul Rabe, and Lloyd Rabe, of Chicago, Ill., and Fred Rabe and Miss Bernice Rabe at home.

President Wreath Has Good Success---"Nickname" Contest Under Way

President P. B. Wreath of the Charleroi baseball club today was busy looking after the sale of season tickets for Charleroi games. These tickets are going well. The first thing President Wreath did this morning was to visit the ball ground with a couple of contractors and explain details concerning the repairing of the grand stand and bleachers.

Suggestions for a "nickname" for the Charleroi team must be mailed or left with the sporting editor of the Mail. Just five days remain in which to get in suggestions.

Tomorrow a list of players signed will be made public. President Wreath having heard from Playing Manager Hank O'Day.

OBSERVE HOLIDAY

Today One of Most Solemn in Religious Calendar

Today, known as Good Friday, is one of the most solemn of all the days in the religious calendar. It commemorates the tragedy on Calvary, and throughout Christendom services are being held.

Catholic churches give especial attention to the events of Good Friday. Today at St. Jerome's Catholic church was celebrated a mass of the presanctified, in which the host consecrated on Holy Thursday was used. This however was not a real mass. The passion was read and the cross unveiled and adored by the people. This evening a special sermon will be delivered on the passions of Christ, and stations of the cross. The Lementations of Jeremiah will be sung by the choir.

Tomorrow will likewise be a solemn religious day, and Easter will end the solemnity of the week, when all churches will commemorate the occasion by special observance.

WORTH CONSIDERING.

The proposition of the road supervisors at their convention at Washington this week that a county road day be held, when every male adult in the county who can will donate a day's labor toward improving the public roads, is one that should command the serious attention of our citizens. If the labor of every able bodied man and youth in both town and country, together with every available team and all the road making machinery that can be pressed into service are utilized between sunup and sundown for this single purpose, a big lot of road improvement will add to the traffic efficiency of the county.

This material improvement however will not be the greatest benefit. The benefit results will come from the aroused interest in road improvement and the practical knowledge gained of its importance to every community in the county. If all our citizens were to go out and spend a day working on the country roads, see the conditions they are in and take stock of the handicaps that are interposed to commercial traffic to the various towns and trading centers, they will realize the importance that good roads bear to the economic well being of the household. One of the largest items of cost in the necessaries of life produced on the farm is the wagon haul to either the shipping point or the ultimate market. If Charleroi citizens were to put in a day on country roads in the vicinity of the town they will realize why milk is sold at the maximum price here.

While the material benefits of a county-wide road day would be immediate and far reaching, the interest in the good roads movement such a project would arouse would be of greater importance. The project is an important one for all boards of trade and business associations to promote, and its feasibility should be seriously discussed and considered.

PICKED UP IN PASSING

Speaking of the coupon contest now running in the Mail for an appropriate title for the Charleroi baseball club of the Pennsylvania and West Virginia League, Capt. Chas. Downer said they ought to adopt something unique and suggestive, as they used to in the rural sections in the early days of baseball.

"I never hear a nickname applied to a baseball team but what I'm reminded of the name adopted by a club that used to exist back of Elco in the early eighties," said Capt. Downer.

"What was that?" he was asked.

"Most appropriate and suggestive. It was 'Little Potatoes Put Hard to Dew.'"

"One [illegible] baseball" experience [illegible] My friend was [illegible] game there, and the way [illegible] was delightly [illegible] whenever a player started to run bases my friend would [illegible] of all my instructions: "Is he bowling?" giving the term bowling the decided English accent that startled most queerly to me.

"Who ever a player struck out, or [illegible] retired by a caught fly, my friend would always ask:

"'Did he tolley?' pronouncing the word tally with a broad a.

"It didn't take him long to catch on, however, and now he's one of the most ardent baseball fans in the valley."

ELECTRIC SPARKS

One of the strange things this generation has to think over is how Kansas ever came to let a man with a name like Doolittle get to Congress.

* * *

Wonder if the Amateur Athletic Union has any provisions against professional cheer leading.

* * *

Just so they can go ahead with their plans without worry, we may just as well state now that Charleroi won't object if they have a scholastic field meet.

Judging from complaints Charleroi citizens ought to be able to qualify pretty well in a corn contest.

TUBERCULOSIS

In addition to plenty of fresh air and proper diet, those suffering from or who are predisposed to Tuberculosis are recommended to use Eckman's Alterative to stop night sweats, banish fever and hasten recovery. This medicine, by reason of its successful use during the past, warrants the fullest investigation possible by every sufferer.

Eckman's Alterative is most efficacious in bronchial catarrh and severe throat and lung affections, and in upbuilding the system. It contains no narcotics, nor harmful or habit-forming drugs. Accept no substitutes. Sold by leading druggists. Write to the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries.

YOUTH IN OLD AGE

Posible With Proper Care.

A few generations back a man at 50 was considered old, gray-bearded, and waiting for death. Note the change today; at a meeting of the Medico-Legal society it was stated that a man of 50 ought to have forty good years ahead of him and thus at ninety he is in the fulness of maturity.

What if you have seen sixty or even seventy birthdays—temperate habits, fresh air and exercise with a simple diet and a sufficient amount of sleep will guard your health.

If perchance, your circulation is poor, if you become run down—weak and no appetite—nothing in the world will tone up those tired backsliding organs—enrich the blood and create strength so quickly as our delicious cod liver and iron tonic Vinol.

We ask every feeble, discouraged old person in this vicinity to try Vinol on our agreement to return their money if it fails to give satisfaction. Piper Bros., Druggists, Charleroi, Pa.

P. S.—Eczema Sufferers! We guarantee our new skin remedy, Saxo.

The Panama Canal Tolls Repeal

WE are hearing lots of toll exemption for American ships just now, but as there seems to be good argument on both sides, we will leave Congres settle that question. We can, however, make thea pplication to our business. We doubt very much, if the canal toll should be taken off of American shipping that you or we would be benefitted by it. The different steamship companies would receive the difference.

Now this is not the case with our way of doing business---we exempt all tolls of middlemen expenses and bad debts accounts, and instead of placing the saving to our credit, we turn it over to our members and customers entirely by selling good goods lower than they can be bought of any other firm or corporation, we firmly believe, and to show how our members feel about this matter, we make the following statement:

The quarter just ended, has shown the highes record in sales of any quarter in the history of our association, over $13,000.00 more business than the corresponding quarter last year. All tolls of extra expenses have been exempted long ago at the Cooperative Store.
